CAMPAIGN “WRAP” - \$203,902

Hard to believe that all of the planning and anticipation is over! Thank you to **Jack Avakian** for your inspiration and leadership! Your sense of humor, compassion and commitment to the Y has been a driving force to this year's campaign! You were there at every moment, from volunteer

recruitment, training sessions, and kick off to the final victory celebration. And we will always remember the campaigner circle at each meeting followed by an Avakian cheer-“hip-hip-hooray, now everyone go out and campaign!”

Wendy Swift and her hard working team did an incredible job planning and executing each Report Meeting. They presented fun themes, fantastic decorations and food, great programs and creative recognition for campaigners! What

a special treat to have a gift to take home that was actually made by our **Y kids**! **Ron O'Neil's** Y birdhouses are another unique and special gift that will make this year memorable, and of course the extra effort by **Robin Stein** to **BLING** the trophies made it even more exciting!

Volunteers and **staff** worked hard to support each other, proving that “with team work anything is possible!” Each person had a special part in bringing it all together. Now, as pledges continue to come in, the future of the Y looks brighter. With additional funds available for scholarships, we will continue to build strong kids, strong families and strong communities!
